

GOAL SETTING WORKSHEET

Name **Pedro Fernandes**

Student # **C0676975**

Where am I now?

I am working on a small Startup company as Software Engineer, there I have been working on web development and managing other developers from Ukraine. As part of my routine I study at least one new technologies per week. I also often apply and go to job interviews to stay up to date with the type of questions and what they expect from the employee.

I am working on a small Startup as Software

Formatted: Line spacing: Exactly 10 pt

End Point (Co-op) – Where do I want to be at the beginning of my work term?

At the beginning of my work term I would like to be working for a bigger company, preferably on the mobile development area which is the area I like the most. A bigger company would bring me more security in the job than I have now which would make me feel less worried about my expenses.
